PALMERSTON NT 0831

## Acknowledgment of Country

*We acknowledge the traditional custodians of this land, the Larrakia people, and give our respect to the land on which Driver Primary Preschool is built. We value Aboriginal and Islander cultures, identities, and continuing connection to country, waters, kin and community.*

*We pay our respects to Elders past, present and emerging.*

Welcome to Driver Primary Preschool. We hope the time you and your child share with us will be both happy and rewarding. This booklet will provide you with important information in order to ensure you and your child have a smooth transition into Preschool.

### How do classes work?

Driver Preschool is staffed with one full-time classroom teacher and one full-time teaching assistant per 22 students. Other staff may assist in the Preschool on a regular basis to provide release and break times for staff. While each class has a main locker room and an allocated teacher, students can move through the Preschool rooms during joint investigation times.

The Preschool offers a multi-age program for children who have turned four or will turn four by June 30 in the year of enrolment.

### What sessions are available at Driver Preschool?

**Monday/Tuesday** 8:20am - 2:30pm & **Alternate Wednesdays** 8.20am - 2.30pm

**Thursday/Friday** 8:20am - 2:30pm & **Alternate Wednesdays** 8.20am - 2.30pm

An alternate Wednesday morning session is available for each group. Where possible, families are able to choose session days which suits their child and family commitments.

### Are uniforms required at Driver Preschool?

At Driver Preschool students are encouraged to wear the Driver Primary School uniform, supporting their sense of belonging in our wider school community. Although uniforms are not mandatory at Preschool, it is a great time to start practising for Primary School. Uniforms can be purchased from the Driver Primary School front office.

On enrolment, each family is allocated to a sports house team. Sports shirts are worn at Driver Primary School each Friday. Preschool students who attend our Monday/Tuesday classes are invited to join the tradition and wear their house shirt on a Tuesday.

The Northern Territory Government provides a **Back to School \$200 Payment Voucher**. This is available to all school students and can be used to go toward the purchase of Preschool Resource Packs and uniforms. This payment must be used by parents by the **end of the first term of their enrolment**.

### **What can I expect on day one?**

To support a smooth start to Preschool we offer parents and children a chance to 'Come and Try' Preschool together with a short session on the first day. This is a great opportunity for parents to familiarise themselves with their child's room and routines, as their child begins their learning journey with us. A one day 'Driver Preschool – Scavenger Hunt' operates during this time.

**Families will be allocated a 2-hour session to attend with their child on**

**Allocated 2 hour on Wednesday 29<sup>th</sup> January 8:20 am-10:30 am 2025 for Monday/Tuesday group**  
Full sessions will begin on Monday the 3<sup>rd</sup> of February.

OR

**Allocated 2 hour on Thursday 30<sup>th</sup> of January 8am-10:30am 2025 for Thursday/Friday group**  
Full sessions will begin on Friday 31<sup>st</sup> of January.

**Parents are required to stay with their child for the duration of the Come and Try Session.**

### **How can I help prepare my child for Preschool?**

When at Preschool we encourage children to be independent in caring for their personal needs and belongings.

Some ways to guide and support children to develop their independence at Preschool include:

- Independently going to the toilet including undressing, wiping & redressing themselves
- Carrying and unpacking their own bag
- Looking after and packing away their own hat and belongings
- Having a manageable lunch - e.g., Pre-cutting fruit at home, spoons or forks supplied from home, containers that students can open and close themselves.
- Putting socks & shoes on without support, Velcro shoes are a great alternative to laces.

We ask parents/carers to help us promote their child's independence and practise these skills at home with your child, before starting Preschool.

Research has suggested that encouraging these skills enhances children's self-esteem as they gain much needed self-help skills for future development. This self-help is invaluable for when your child starts school. Although children may demonstrate frustration, this is an emotion that happens before the mastery of new skills.

### **Who can drop off and collect my child?**

As the Northern Territory Government (NTG) Department of Education Policy states, Pre-schoolers are required to be **escorted to their classroom by an adult**. In order to ensure your child's safety, it is **essential that you wait with your child**, prior to the commencement of each session, until a staff member opens the door.

It is also a good idea to be at Preschool approximately 5 minutes prior to the finish time as it can be distressing for children if they are not picked up on time. To ensure the safety of our children, the Preschool gate will remain locked between the hours of 8:30 and 2:15. If you are arriving late, you will need to take your child to the main school office to sign in and be marked late.

### **Do I have to notify absences?**

We are required by the Department of Education to record reasons why children are absent from Preschool. Parents/Carers are required to advise staff if their child is absent from Preschool. Please ring the Driver Primary office and leave details of absence on **8935 9000**. You can also email the teacher on ([firstname.lastname@education.nt.gov.au](mailto:firstname.lastname@education.nt.gov.au)) or message them on StoryPark to advise of any absence.

### **How can I help settle my child in the morning?**

Beginning Preschool can be unsettling for some children, even if they are used to leaving you. Settling into Preschool can take longer for some children than others. Regular routines help to settle children in the morning.

Encourage children to unpack their own bag, put their lunch box in the fridge and water bottle into the labelled container. Stay with them if possible and settle them with a story or puzzle. If your child settles easily into an activity, say goodbye before you go and then leave straight away. Please don't leave without saying goodbye as it causes unnecessary distress and a feeling of insecurity.

If your child clings to you and cries when you leave, we will do our utmost to ensure they settle. This usually doesn't last long once they become involved in activities. Rest assured we will contact you if your child doesn't settle.

### **What should I bring each day?**

A **large bag** to hold a lunch box, hat, spare clothes, and things children make each day.

A **sun safe hat**. Driver Primary School uniform broad brimmed hats are available for purchase at the Primary School office. No caps please.

**Footwear** that your child can easily manage. The Preschool environment is one where shoes come on and off throughout the day, for different activities. Children should wear shoes that they can take off and put on independently.

Please send along a labelled set of **spare clothes** for messy and wet activities each day or in case your child has an accident.

Please send along a **water bottle** that is clearly named and filled with **water only**.

**Meal Times** - Eating time is designed to be a social experience that fosters communication skills and relationship building. Please provide a manageable lunch that is healthy and supports child independence e.g., sandwich, pre-cut fruit, yoghurt with a spoon, crackers and cheese.

**Please save treats for after school.** Lunch boxes are stored during the day in a fridge.

On Wednesdays, only morning tea is required, as children leave at lunch time.

**Driver Preschool encourages a nut free environment.** Due to this we request that families do not pack foods that contain nuts in lunch boxes. It is also essential that Preschool staff are notified of any allergies, specific food restrictions or dietary needs.

**Library Bag** - Children are offered the opportunity to borrow books from the school library during their Wednesday sessions, commencing in Term Two. Children must have a library bag to borrow. *Please note that parents will be responsible for replacing damaged or lost books.*

### What can I expect from an average day at Preschool?

Timetabling of a Preschool day is dependent on educators, children, and other influencing factors such as the weather, or special events. The program is flexible and may change according to childrens needs and interests.

An example of possible programmed learning experiences could be:

Time of day	Examples of activities that may be offered
Start of the day	Books, puzzles and a name related activity.
Mat session	A literacy, numeracy, social and emotional or unit focus based activity.
Outdoor investigations	<ul style="list-style-type: none"> <li>• Painting on easels</li> <li>• Bikes</li> <li>• Trucks and diggers in the sand pit</li> <li>• Outdoor Kitchen</li> <li>• Drawing on the chalk boards</li> <li>• Obstacle course</li> <li>• Sensory play</li> <li>• Train set on a mat</li> <li>• Tea party in a cosy corner</li> <li>• Swings, rocker see-saw</li> <li>• Wet play</li> </ul>
Morning tea	Supports children to build conversations at their table, followed by a brain gym activity to collect the children together and practise actions that improve connections in their brains, ready for the next mat session.
Mat session	A literacy, numeracy, social and emotional or unit focus based activity.

<p style="text-align: center;"><b>Indoor investigations</b></p>	<ul style="list-style-type: none"> <li>• Matching magnetic letters to your name</li> <li>• Arts and Crafts</li> <li>• Building a rocket</li> <li>• Making a science sensory bottle</li> <li>• Being a chef in the home corner</li> <li>• Writing letters</li> <li>• Playing in the home corner</li> <li>• Building a tower using large wooden blocks</li> <li>• Investigating a nature table</li> <li>• Phonics</li> <li>• Interactive white board activities</li> <li>• Making playdough</li> </ul>	
<p style="text-align: center;"><b>Lunch</b></p>	<p>Supporting children to build conversations with peers at the table.</p>	
<p style="text-align: center;"><b>Rest Time</b></p>	<p>As per the National Quality Standards, each child's wellbeing and comfort is provided for including appropriate opportunities to provide a child's need for sleep, rest, and relaxation. (NQS Quality Area 2.1.1 - Children's Health and Safety)</p>	
<p style="text-align: center;"><b>Outdoor investigations</b></p>	<ul style="list-style-type: none"> <li>• Music – putting actions to songs and rhymes</li> <li>• Throwing and catching large balls</li> <li>• Investigating the pond</li> </ul>	
<p style="text-align: center;"><b>End of the day</b></p>	<ul style="list-style-type: none"> <li>• Pack up, get bags ready and story time</li> <li>• Jolly Phonics Song</li> <li>• Reflecting on the day and revisiting the learning that has taken place.</li> <li>• Asking children to share their experiences of their day</li> <li>• Encourage children to think of ideas for future learning.</li> </ul>	

### What about Watery Wednesdays?

On the alternate Wednesdays your child attends Preschool, if you would like them to participate in water activities, please send them to Preschool dressed in sun safe swimmers i.e., Rashie or t-shirt over bathers.

Children must bring a clearly labelled towel and change of clothes in a named plastic bag. The Preschool paddling pool and various other watery activities are available on this day. Non-water activities are also offered for children who choose not to participate in watery play.

### How can I stay in touch with Driver Preschool?

**Communication Pockets:** Each child has a message pocket which is used as our means of getting written information home to our families. Please check your child's message pocket each day.

**StoryPark:** This is an app which allows teachers to send you updates, photos and videos while they work with your child. Through this free app you can gain a better understanding of your child's learning and individual goals, as well as be informed about the activities and experiences your child is a part of throughout the day. We take security seriously and adhere to government guidelines for cyber safety. No one can find your child's account unless you invite them. Parents are the administrators of their child's account, and the owners of all photos, videos, and content. Permission to have educators create an account for your child was included in the Enrolment Package. Please see your teacher if you have any questions.

**Social Media & online platforms:** The best way to stay up to date with Driver Primary School is via our online platforms: Facebook, Instagram and Skool Loop App

**Noticeboards:** These are located at various points in and around the Preschool. They may contain information on the teaching and learning program, upcoming events, other notifications, and community information.

### **Can I help out at Preschool?**

Parental involvement strengthens and enhances children's learning. At Driver we encourage and appreciate parent's assistance. Please give thought to:

- ✓ sharing your skills and interests with the staff and children e.g., craft, story-telling, music, cooking
- ✓ helping with the daily program. It is especially helpful if you can indicate in advance when you are able to come and stay, so we can plan activities with an extra adult in mind
- ✓ Assisting with the laundry at the end of the week (e.g., taking smocks, tea towels etc home to wash)
- ✓ taking time to share the experience of Preschool e.g., spend a couple of minutes at the beginning of the day reading a book or doing a puzzle with your child and/or other children
- ✓ working bees or special fundraising events - these opportunities are advertised as required

### **Do I need to buy school supplies?**

Preschool Resource Packs may be purchased using the Back to School Payment from the Driver Primary school office at a cost of **\$55.00 per child**.

Department of Education (DoE) funding allows us to purchase educational essentials such as plain and coloured paper, pencils, glue, and paint. The **Preschool Resource Pack** compliments existing funding to enhance creative educational resources available to Preschool students. The Preschool Resource Pack contains high quality materials and supplies such as glitter, feathers, glitter-paint, googly eyes, pop sticks, beads, pipe cleaners, matchsticks, scoobie string etc. These enable Preschool students to express their ideas and imagination through creative educational experiences. Purchasing of these resource packs assists your child's educational program.

The Northern Territory Government provides a **Back to School \$200 Payment Voucher**. This is available to all school students and can be used to go toward the purchase of Preschool Resource Packs, uniforms, and excursions. This payment must be used by parents by the **end of the first term of their enrolment**.

## Fundraising

Driver Preschool is involved in several fundraising activities during the year. All monies raised are used to purchase, upgrade, and extend educational equipment and the Preschool environment. The success of fundraising is heavily dependent on parental support. A couple of the fundraising activity examples in the past have been.

- Wheel-a-thon
- Splash and Dash
- Dress Like a Pirate

We look forward to your participation and support in these ventures.

## Can I celebrate my child's birthday?

Birthdays are a very special occasion, and we encourage children to celebrate at Preschool. We recommend cupcakes as they are a much easier option for children to manage and to distribute.

*Important reminder to please let us know if your child has any allergies, specific food restrictions or dietary needs.*

## NT Preschool Curriculum

We use the NT Preschool Curriculum to implement the five outcomes of the Early Years Learning Framework which supports intentional teaching of language, literacy and numeracy through play-based learning.

## Driver Preschool Philosophy

The National Early Years Learning Framework (EYLF) has a strong emphasis on play-based learning and these practices are embedded in our Preschool Programs. Play is seen as a context for learning, where young children make sense of their world. Play-based learning is an important way to develop active learning.

We believe that each child is a unique individual who needs a secure, caring and stimulating atmosphere in which to grow and mature emotionally, physically, intellectually, and socially. It is our role as educators to help students meet their full potential in these areas by providing an environment that is safe, supports risk-taking and invites a sharing of ideas. There are three elements that we believe are conducive to establishing such an environment:

1. The teacher acting as a guide
2. Allowing the child's natural curiosity to direct his/her learning; and
3. Promoting respect for all things and all people

Our teachers scaffold children's learning through intentional teaching and links to children's interests. Time is allocated for explicit teaching of skills and concepts, with an emphasis on developmentally appropriate experiences. We understand that children bring to school a wealth of knowledge and experience and these interests inform the daily program. Supportive and smooth transitions between home, Preschool and Primary school is crucial to a child's success in the Early Years.

At Driver Primary school we call these first years of a child's education 'Early Links'. The Early Links teaching team know the importance of a safe and secure environment for young children.

Our Early Links vision:

*To provide quality teaching and learning experiences, with an emphasis on play-based learning, as an introduction to school education, which meets the needs of students and their families in a safe, welcoming, and stimulating learning environment.*

*\* Our vision and philosophy are seen as living documents that are continually evolving in light of new research, the ideas of new team members and input from families.*

## Early Years Learning Framework

The Early Years Learning Framework describes childhood as a time of *belonging, being* and *becoming*.

- **Belonging** is the basis for living a fulfilling life. Children feel they *belong* because of the relationships they have with their family, community, culture and place.
- **Being** is about living here and now. Childhood is a special time in life and children need time to just 'be'—time to play, try new things and have fun.
- **Becoming** is about the learning and development that young children experience. Children start to form their sense of identity from an early age, which shapes the type of adult they will become.

Through the Framework's five learning goals we will assist your child to develop:

- **a strong sense of identity**
- **connections with their world**
- **a strong sense of wellbeing**
- **confidence and involvement in their learning**
- **effective communication skills**

Using the Early Years Learning Framework, educators will observe your child's learning so they can build on it and plan the next steps. We will do this by listening, watching, and talking with your child.

We will keep in touch with you regularly to discuss your child's progress. We use photos/snapshots and stories through StoryPark, to show what your child is learning, how they are developing and what learning interests them.

## Students and Volunteers

Driver Primary is a Charles Darwin University (CDU) Teaching School. The Preschool may host student teachers, work experience students or volunteers from time to time. All visitors to the Preschool are supervised closely by the Preschool teacher and must hold a current Working with Children Card. This partnership provides much needed experience for people interested in early childhood education and provides extra support for the children at the Preschool.

## Driver Garden

Driver Preschool regularly visit and enjoy the Driver Primary School Garden. The whole school garden is home to chickens, stingless honeybees, frog hotels, a guinea fowl and a range of different fruit and vegetables.

Driver Garden is a valuable learning space with strong links to our Preschool Program particularly when exploring unit topics such as life and living, sustainability and recycling. The garden assists children to extend on their learning, giving authentic opportunities for children to connect their thoughts and ideas with

real experiences.

## Donations

We use lots of things at Preschool every day and you can help by donating these items.

### Craft items

- ◆ boxes
- ◆ cardboard
- ◆ ribbon
- ◆ wool
- ◆ egg cartons
- ◆ ice cream containers
- ◆ cut timber for woodwork
- ◆ wrapping paper
- ◆ used stamps
- ◆ kitchen paper/gladwrap rolls

### Dramatic Play items

- ◆ clothes for dress ups
- ◆ shoes, bags, purses
- ◆ necklaces & hats for dressing up
- ◆ kitchen utensils, bowls, cake tins, saucepans
- ◆ fake flowers

## Transitional Pathways to Driver Primary School

We understand the importance of children feeling safe, secure, and having a sense of belonging to the school community. Because of this, our Preschool is involved in a variety of orientation sessions in the last part of the year.

Transitional pathways include having play time together in the Transition yard, meeting Transition teachers, attending whole school events and visiting a typical Transition classroom to participate in organised activities.

## Supporting my child's health and wellbeing

Children who are unwell do not gain a great deal from a preschool session. **Please keep unwell children at home.** This precaution not only helps your child but also minimises the spread of disease. Please refer to the 'Time Out' poster attached to this document regarding exclusion periods for illnesses.

In the case of **illness/injury** occurring during Preschool session times, parents will be notified and if necessary, asked to collect their child.

**Head lice** is very contagious amongst children. If you find head lice in your child's hair, please treat immediately. When staff discover a case of head lice at Preschool, a phone call will be made to the parent/carer and a letter sent home to all families to check for head lice.

**Sunscreen:** In our harsh climate it is important that children are **sun safe**. Please apply sunscreen to your child prior to arriving at Preschool and ensure they have a hat and a water bottle to hydrate.

**Mosquito Repellent:** Throughout the year, there are times when your child will need protection from mosquitoes. Please ensure you apply a suitable repellent to your child before they come to preschool.

**Emergency Drills:** It is important that children and staff are aware of evacuation procedures, therefore we provide regular practise **emergency drills** at Preschool.

### **What if my child needs medication while at Preschool?**

We understand that children become unwell from time to time. If your child requires medication to be administered at Preschool, you must complete an Administration of Medication form. Staff are unable to administer medication unless signed permission is granted by the parent/guardian. Please ask a Preschool Staff member for a form if required.

Thank you for taking the time to read this important information. We look forward to working closely with you and your child.

Kind Regards,

**The Preschool Team**

# Time Out

Minimum periods of exclusion from schools, preschools and childcare centres for children or staff who have been exposed to an infectious disease

Conditions	Case (person with the infection)	Contact (person in contact with the case)
Chickenpox (varicella)	<b>EXCLUDE</b> until all blisters have dried. This is usually at least 5 days from the onset of the rash in unvaccinated children, and less in vaccinated children.	<b>EXCLUDE</b> non-immune pregnant women and immunocompromised* contacts, due to the possibility of further cases. Advise that they seek urgent medical attention. Contact the local Public Health Unit for specialist advice.
Cold sores (herpes simplex)	<b>NOT EXCLUDED</b> if the person can maintain hygiene practices to minimise the risk of transmission. Sores should be covered with a dressing, where possible. <b>EXCLUDE</b> young children unable to comply with good hygiene practices while sores are weeping.	<b>NOT EXCLUDED</b>
Conjunctivitis	<b>EXCLUDE</b> until discharge from the eyes has stopped, unless a doctor has diagnosed non-infectious conjunctivitis.	<b>NOT EXCLUDED</b>
Diarrhoea and/or vomiting (i.e. "gastro") which may be due to the following: <ul style="list-style-type: none"> <li>• Campylobacteriosis</li> <li>• Cryptosporidiosis</li> <li>• Giardiasis</li> <li>• Norovirus</li> <li>• Rotavirus infection</li> <li>• Salmonellosis</li> <li>• Shigellosis</li> <li>• Viral gastroenteritis (diarrhoea &amp; vomiting)</li> </ul>	<p><b>EXCLUDE</b> people with diarrhoea (3 or more loose stools in a 24 hour period) or vomiting until 24 hours after their last loose bowel motion or vomit, except this exclusion time is extended in the instances below;</p> <p><b>EXCLUDE</b> any person with confirmed <b>norovirus</b> infection until 48 hours after symptoms stop.</p> <p><b>EXCLUDE</b> any person with diarrhoea or vomiting who prepares or serves food, until 48 hours after symptoms stop.</p> <p>People with confirmed <b>cryptosporidiosis</b> infection should not swim, paddle or participate in water play for at least 2 weeks after their last loose stool.</p> <p><b>Note:</b> If there are 2 or more cases of diarrhoea or vomiting in your facility OR if a food handler is sick, please contact your local Public Health Unit.</p>	<b>NOT EXCLUDED</b>
Diphtheria	 <b>EXCLUDE</b> until a medical certificate of recovery from the Public Health Unit is received, following at least two negative throat swabs, the first at least 24 hours after finishing a course of antibiotics, and the second at least 48 hours after the first swab.	<b>NOT EXCLUDED</b>
Cytomegalovirus (CMV) infection	<b>NOT EXCLUDED</b> Pregnant women should consult with their doctor.	<b>NOT EXCLUDED</b> Pregnant women should consult with their doctor.
Fungal infections of the skin or nails (e.g. ringworm, tinea)	<b>EXCLUDE</b> until 24 hours after starting appropriate antifungal treatment.	<b>NOT EXCLUDED</b>
Glandular fever (mononucleosis, Epstein-Barr virus [EBV] infection)	<b>NOT EXCLUDED</b>	<b>NOT EXCLUDED</b>
Hand, foot and mouth disease (EV71)	<b>EXCLUDE</b> until all blisters have dried.	<b>NOT EXCLUDED</b>
Haemophilus influenzae type b (Hib)	 <b>EXCLUDE</b> until the person has received appropriate antibiotic treatment for at least 4 days.	<b>NOT EXCLUDED</b> Contact the local Public Health Unit for specialist advice.
Head lice (pediculosis)	<b>EXCLUDE</b> until appropriate treatment has commenced. The child does not need to be sent home immediately if head lice are detected	<b>NOT EXCLUDED</b>
Hepatitis A	<b>EXCLUDE</b> until a medical certificate of recovery is received and until at least 7 days after the onset of jaundice or illness.	<b>NOT EXCLUDED</b> Contact the local Public Health Unit for specialist advice about vaccinating or treating children and staff. <b>Exclusion</b> may be warranted if no history of vaccination or not willing to receive vaccine.
Hepatitis B	<b>NOT EXCLUDED</b>	<b>NOT EXCLUDED</b>

Conditions	Case (person with the infection)	Contact (person in contact with the case)
Hepatitis C	<b>NOT EXCLUDED</b>	<b>NOT EXCLUDED</b>
Hepatitis E	<b>EXCLUDE</b> until at least 2 weeks after the onset of jaundice.	<b>NOT EXCLUDED</b>
HIV/AIDS (human immunodeficiency virus / acquired immunodeficiency syndrome)	<b>NOT EXCLUDED</b>	<b>NOT EXCLUDED</b>
Influenza-like illnesses: • COVID-19 • Influenza (flu) • Pneumococcal disease • Respiratory syncytial virus (RSV)	<b>EXCLUDE</b> until symptoms have resolved.	<b>NOT EXCLUDED</b>
Listeriosis	<b>NOT EXCLUDED</b>	<b>NOT EXCLUDED</b>
Measles	 <b>EXCLUDE</b> until at least 4 days after the onset of the rash.	<b>NOT EXCLUDED:</b> vaccinated or immune contacts. <b>EXCLUDE:</b> contacts who are non-immune or immunocompromised* until 14 days after the appearance of the rash in the last case. Contact the local Public Health Unit for specialist advice.
Meningitis (viral)	<b>EXCLUDE</b> until symptoms have resolved.	<b>NOT EXCLUDED</b>
Meningococcal infection	 <b>EXCLUDE</b> until appropriate antibiotic treatment has been completed.	<b>NOT EXCLUDED</b> Contact the local Public Health Unit for specialist advice about antibiotics and/or vaccination for close contacts.
Molluscum contagiosum	<b>NOT EXCLUDED</b>	<b>NOT EXCLUDED</b>
Mumps	 <b>EXCLUDE</b> for 5 days or until swelling goes down (whichever is sooner). Pregnant women should consult with their doctor.	<b>NOT EXCLUDED</b> Pregnant women should consult with their doctor.
Roseola (Sixth disease)	<b>NOT EXCLUDED</b>	<b>NOT EXCLUDED</b>
Ross River virus	<b>NOT EXCLUDED</b>	<b>NOT EXCLUDED</b>
Rubella (German measles)	 <b>EXCLUDE</b> until the person has fully recovered or for at least 4 days after the onset of the rash.	<b>NOT EXCLUDED</b> Pregnant women should consult with their doctor.
Scabies	<b>EXCLUDE</b> until 24 hours after starting effective treatment.	<b>NOT EXCLUDED</b>
School sores (Impetigo)	<b>EXCLUDE</b> until 24 hours of appropriate antibiotic treatment has been completed. Any sores on exposed skin should be covered with a watertight dressing until sores are dry	<b>NOT EXCLUDED</b>
Shingles (Herpes Zoster)	<b>EXCLUDE</b> if blisters are unable to be covered with waterproof dressing until blisters have dried and crusted.	Contact the local Public Health Unit for specialist advice, including advice for pregnant women and immunocompromised* contacts.
Slapped cheek syndrome, fifth disease (human parvovirus B19, erythema infectiosum)	<b>NOT EXCLUDED</b> Pregnant women should consult with their doctor.	<b>NOT EXCLUDED</b> Pregnant women should consult with their doctor.
Streptococcal sore throat (including scarlet fever)	<b>EXCLUDE</b> until 24 hours of appropriate antibiotic treatment has been completed.	<b>NOT EXCLUDED</b>
Toxoplasmosis	<b>NOT EXCLUDED</b>	<b>NOT EXCLUDED</b>
Thrush (Candidiasis)	<b>NOT EXCLUDED</b>	<b>NOT EXCLUDED</b>
Tuberculosis (TB)	 <b>EXCLUDE</b> until a medical certificate is received from the local Public Health Unit.	<b>NOT EXCLUDED</b> Contact the local Public Health Unit for specialist advice.
Typhoid and paratyphoid fever	 <b>EXCLUDE</b> those in child care or preschool until two samples have tested negative. Contact the local Public Health Unit for specialist advice. <b>EXCLUDE</b> others (primary school aged children to adults) until 48 hours after symptoms have resolved.	<b>EXCLUDE</b> until two of the person's stool samples have tested negative, at least 24 hours apart
Whooping cough (Pertussis)	 <b>EXCLUDE</b> until 5 days after starting appropriate antibiotic treatment, or for 21 days from the onset of cough.	<b>EXCLUDE</b> Contact the local Public Health Unit for specialist advice.
Worms	<b>EXCLUDE</b> until there has not been a loose bowel motion for 24 hours and treatment has occurred.	<b>NOT EXCLUDED</b>

 Telephone the Public Health Unit in your region so that immediate preventative public health measures can be undertaken. If you notice two or more cases of any of the above listed conditions in children or staff at your facility, please telephone the Public Health Unit for advice and educational materials.

\* People can be immunocompromised either due to a medical condition or from receiving immunosuppressive medication/treatment. Examples include leukaemia and chemotherapy.
